

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

SB 298 – HB 1454

March 3, 2023

SUMMARY OF BILL: Authorizes, on interstate highways and limited access multilane divided highways where the posted speed limit is 50 miles per hour (mph) or more and the speed of traffic moving in the same direction is 25 mph or less, an operator of a motorcycle to travel between rows of stopped or moving vehicles in the same lane, as long as the motorcycle does not travel at a rate of more than 10 mph faster than the flow of traffic.

Creates a Class C misdemeanor offense for operating a vehicle between rows of stopped or moving vehicles in the same lane on a public road, street, or highway other than the operation of a motorcycle as prescribed in the legislation.

FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Pursuant to Tenn. Code Ann. §§ 55-8-182(b)-(c), the operator of a motorcycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken, and no person shall operate a motorcycle between lanes of traffic or between adjacent lines or rows of vehicles. These provisions do not apply to police officers in the performance of their official duties.
- The proposed legislation would authorize such operation in the circumstances described.
- It is assumed that, in most cases, operating a vehicle between rows of stopped or moving vehicles in the same lane on a public road, street, or highway could already be considered a violation of existing laws governing the safe operation of motor vehicles; therefore, the proposed legislation is not expected to result in a significant increase in Class C misdemeanor convictions.
- Any fiscal impact to state or local government is estimated to be not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
